

Carol Bremner: Submission To Toronto Review Committee

A Response to the Accusations made against brother Titus Chu

Dear Brothers,

I have been in the church life in Toronto for the past 32 years and have always tried to attend as many conferences and trainings as I could and have traveled to California a number of times. I have been edified and encouraged by the ministries of Watchman Nee, Witness Lee, a number of brothers serving in California, and our brother Titus Chu. During this time, I felt that these brothers were all ministering in the same steps.

However, for the past couple of years, I have not attended the annual LSM trainings (even by video) because I began to feel that Brother Lee was being uplifted too much. I appreciate and love our brother and his ministry, but do not feel that he would have wanted our eyes to be on him rather than on Christ.

I do continue to read and enjoy the material written by Brother Lee, and find that when Titus ministers, my appreciation both of the ministry of Witness Lee and that of Watchman Nee has been strengthened. I have been helped to love the Lord and the recovery more through the faithful speaking of our brother Titus.

For this reason, I do not feel that it would be in the best interest of the church in Toronto to cease fellowship with Brother Titus. He loves the saints here and cares for us as a loving older brother. I have not felt any disharmony among the saints until the matter of 'one publication' began to be stressed so much. It has broken my heart to see the suffering that has come to the saints in Brazil because of this matter.

I would like to resume the simplicity of following Christ with all the saints, including Brother Titus Chu, and pray that the Lord would have mercy on the recovery and restore the oneness among all His saints.
